FEES – IMMIGRATION SERVICES

Our fees for immigration services are fixed unless specifically agreed otherwise with the client. For most visa types we provide a fixed fee range. This is because individual circumstances of applicants may vary significantly and cases may require different level of work/time that we need to spend. It is difficult to predict likely timescales as much depends upon each individual application. We will discuss timescales with you during our initial meeting.

The fixed fee includes:

- Meeting with the client, taking their instructions and providing advice
- Assistance in preparing and checking documents
- Considering documents received from client/third parties
- Reviewing application forms
- Preparing and submitting visa application pack
- Preparing legal representations/cover letter for application
- Advising the client on timelines and the outcome of their application

The fixed fee does not include:

- Value Added Tax - VAT (when applicable)
- Home Office/government fees (e.g. application fees, Immigration Health Surcharge, Immigration Skills Charge etc.)
- Counsel's fees, if Counsel's advice/representation is required
- Courts or Tribunals fees
- External Translation fees
- Costs of Experts or Agents instructed on your behalf, if required
- Non routine postage charges and courier charges
- Travel and meeting expenses
- Any appeals/administrative reviews or similar
